Worship Team (inc band and AV)

Purpose: To facilitate corporate Sunday worship and contribute to an environment conducive to praising and worshipping God.

Reports to: Worship leader, rota co-ordinator, or AV Team Lead

Time Commitment: 3-4 hours for the week scheduled as part of the team, including a midweek practice for the band and PA operator

Key Responsibilities:

- Liaise with the worship leader, service leader and preacher as to the songs and resources required for the service.
- **For band members:** To attend mid-week practice or contact the worship leader in advance if this isn't possible, if requested to find a replacement musician/operator to cover your role.
- **For PA operator:** To run the PA system providing a good, clear quality experience for the congregation and also for the band on stage.
- **For visuals operator:** To run the visuals from the desk so that songs, powerpoints, videos etc are smoothly run for the service and can be heard in conjunction with the sound-desk operator.

Success Looks Like:

- All elements of the Sunday service (singing, speaking, preaching etc) enable the congregation to meet with God, with the congregation being able to hear and see well.
- **For the band:** sung worship to be delivered in a competent manner.
- **For visuals operator:** The correct information is presented at the correct time without distracting transitions.
- **For the PA operator:** A well-balanced and engaging sound mix adding to the character of the occasion; a calm and stress-free experience before and during an event.
